HOW ARE WE INNOVATING, DEFENDING, EMPOWERING?

We invite you to an exciting new CISO 360 Roundtable in Singapore, where you'll connect with top CISOs and cybersecurity peers to benchmark winning strategies for innovating, defending, and empowering your organisations. This intimate gathering will focus on real-world experiences and insights from industry leaders on managing cyber resilience strategies.

Key talking points:

- Fostering a security-first mindset: Insights and strategies
- Overcoming current challenges in managing digital infrastructure
- Empowering and equipping our teams for success

Brought to you by Pulse Conferences and sponsored by **KnowBe4** this exclusive dinner discussion will be hosted under the Chatham House Rule, ensuring candid and insightful exchanges.

Please R.S.V.P. on the [REGISTER link](#) to confirm your complimentary place. We very much look forward to welcoming CISOs, Chief Security Officers, Intelligence Directors and senior cybersecurity and resilience practitioners as our guests, who are currently working in-house within medium to large enterprises.

ABOUT KNOWBE4

KnowBe4 empowers your workforce to make smarter security decisions every day. Over 65,000 organisations worldwide trust the KnowBe4 platform to strengthen their security culture and reduce human risk. KnowBe4 builds a human layer of defense so organisations can fortify user behavior with new-school security awareness and compliance training. Deploying KnowBe4 results in users that are alert and care about the damage that phishing, ransomware and other social engineering threats pose. The platform includes a comprehensive suite of awareness and compliance training, real-time user coaching, AI-powered simulated social engineering, and crowdsourced anti-phishing defense. With content in 35+ languages, KnowBe4 provides the world's largest, always-fresh library of engaging content to strengthen your human firewall.
