### HOW ARE WE INNOVATING, DEFENDING, EMPOWERING?

We invite you to an exciting new CISO 360 Roundtable in Singapore. Connect with fellow CISOs and senior cybersecurity peers to benchmark winning strategies for innovating, defending, and empowering your organisations. This intimate gathering will focus on real-world experiences and insights from industry leaders on managing cyber resilience strategies.

#### Key talking points:

- Fostering a security-first mindset
- Overcoming challenges in managing digital infrastructure
- Empowering and equipping our teams for success

Brought to you by Pulse Conferences and sponsored by **KnowBe4**, this exclusive dinner discussion will be hosted under the Chatham House Rule, ensuring candid and insightful exchanges.

We are thrilled to present guests with the private experience room at Revolver Singapore. A candle-lit stage setting to please your inner rock star as you benchmark cyber strategies with peers!

**Please R.S.V.P. to confirm your complimentary place.**

We very much look forward to welcoming CISOs and senior cybersecurity practitioners as our guests, who are currently working in-house within medium to large enterprises.

Your sincerely,  
Team Pulse  
Pulse Conferences

### ABOUT KNOWBE4

KnowBe4 empowers your workforce to make smarter security decisions every day. Over 65,000 organisations worldwide trust the KnowBe4 platform to strengthen their security culture and reduce human risk. KnowBe4 builds a human layer of defense so organisations can fortify user behavior with new-school security awareness and compliance training. Deploying KnowBe4 results in users that are alert and care about the damage that phishing, ransomware and other social engineering threats pose. The platform includes a comprehensive suite of awareness and compliance training, real-time user coaching, AI-powered simulated social engineering, and crowdsourced anti-phishing defense. With content in 35+ languages, KnowBe4 provides the world's largest, always-fresh library of engaging content to strengthen your human firewall.

### ABOUT THE VENUE:

## PRIVATE EXPERIENCE ROOM AT REVOLVER SINGAPORE

A bold open-fire grill restaurant, Revolver brings together South Asian cooking sensibilities with international flavours and world-class produce. Fire is an essential element in the creations of Revolver's revolving menu. With its industrial-chic design and rocking atmosphere, Revolver brings upbeat energy to its shophouse setting on Tras Street.

Revolver's Private Experience Room boasts its very own bar and recently welcomed chef-partner Jitin Joshi.

Enjoy the space's sumptuous red palette, plush velvet and leather seats, and lit candles. Walking into the vermillion and carmine walled room that is Revolver's private dining room, you know you've walked into a private lair - ideal for private discussions on cybersecurity! This is your space.

An exclusive menu aptly titled "The Spread", features ever-evolving recipes inspired by the modern Indian restaurant's signature South Asian spiced plates, served up in a mix of individual and shared portions.

## AS A CISO, WHY ATTEND?

- Forge connections to expand your professional network with CISO peers in Singapore!
- Led 'by with and for' CISOs and senior cyber practitioners. Share real-world journeys and experiences on what works, what doesn't.
- Engage in candid conversation hosted under The Chatham House Rule of non-attribution.
- Gain valuable takeaways and highlight best practices for your cybersecurity strategy.
- Hosted in one of Singapore's top new private dining settings!

Seats are limited, we encourage you to secure your place around the table today.

Join today to be part of the **CISO 360 Dinner CISO 360 Roundtable: How Are We Innovating, Defending, Empowering?**
